

ECHO becomes beneficiary of Co-op Local Community Fund

We are happy to announce that the Co-op Local Community Fund has chosen to support ECHO throughout 2018 – this is great news!

ECHO receives no government or NHS funding, and we rely entirely on the generosity of our donors to keep providing our services. Co-op's support helps us towards our goal of getting every newly diagnosed child with a heart condition treated at Evelina London Children's Hospital the support they need.

Under Co-op's programme, ECHO receives 1% of what local Co-op Members spend on home-brand products if they select ECHO as their cause. If you're in the area, please consider becoming a Co-op Member and shopping at their participating stores to help us raise the funds we need to continue supporting heart children and their families.

If you're already a Co-op Member, you can assign ECHO as the beneficiary of the funds you raise by signing in to your Co-op Membership online account [here](#) or phoning them at 0800 023 4708. Funds that are not assigned to a cause are shared evenly between all the local charities selected in the programme.

We're also looking for brand ambassadors: people who know ECHO – members, relatives of members, fundraisers, supporters – who would be confident in contacting the participating stores and working with them to engage their customers and make the most of this amazing opportunity. Send us an [email](#) or give us a call at 020 7998 4710 if you'd like to help!
