ECHO is open for business. We are working differently - but you can expect the same level of passion, professionalism and quality you have come to expect. With your help, we will continue to provide tailored help and support whenever you need it and continue to build relationships to better connect the children's heart community.

SAMANTHA JOHNSON - ECHO CHIEF EXECUTIVE

In the [ECHO Winter 2021 newsletter](#) we reflect on a year that has challenged us all and impacted ECHO as a charity, hearing stories from some of the ECHO heart community about their year and we share how you can help heart families now and into 2022.

We'd like to welcome each and every one of our members who have joined our growing community this year. We would also like to thank each person who has supported ECHO this year by [fundraising](#), making a one-off [donation](#), setting up a [direct debit](#), joining as a [Secret Santa](#), volunteering, or simply liking and sharing our [social media](#) posts.

All of your support really helps us to ensure that we can continue to be there for children with heart conditions and their families, when they need us most.
