

Connecting Hearts for 40 years appeal

Join our Connecting Hearts appeal and help us support even more heart families in times of need.

To mark our 40th birthday on 15th June, we are excited to launch our Connecting Hearts for 40 Years appeal to help support more families affected by congenital heart disease, helping them feel less alone and being there for them at every stage of their heart journey.

To mark 40 years of ECHO, donate to add your message to the Connecting Hearts paper chain and you can help ECHO to provide support to even more heart families. Invite friends, family, and colleagues to donate and let us see how many paper chains we can put together!
