

Fundraise

Have fun and raise money at the same time!

There's lots of exciting and fun things you can do to raise money either on your own, in your local area with your family and friends or even at school. Be creative and you're sure to have a fabulous time whilst doing a great thing to help others.

We have lots of ideas and can support you with downloadable posters and even paper chains to help decorate, please check out our [fundraising toolkit](#).

If you have any questions please contact our fundraising team who are always happy to help.

Recently 21 ECHO Teens took part in a fundraising challenge to climb up and over London's The O2 – and raised over £6,000 together!

What do you want to do?!
