

Get involved and help us make a difference

Discovering your child has a potentially life threatening heart condition is one of the hardest things any parent can hear.

Children with heart conditions often face an uncertain future, where medical tests and treatment become normality. Many families find it difficult to cope and welcome additional support – which is where ECHO comes in.

Your support makes our work possible.

[Donate to ECHO](#)

Our services offer a lifeline to children with heart conditions & their families. Our work is totally dependent on donations, we receive no government or NHS funding – with your help we can support them.

[Donate now](#)

Fundraise for us

[Do it yourself](#)

Help us to support children and young people with heart conditions by raising money for ECHO.

Give an hour

Giving an hour of your time or salary is a great way to support heart families without breaking the bank or making a huge time commitment.
