

Kingston Hospital

Car parking

Parking

- Car Parking
- Cycle parking
- Disabled parking

Parking at the hospital is very limited, although we will try our best to help disabled patients and visitors arriving by car. There are a number of disabled parking spaces available at the hospital and cars displaying valid, current, disabled badges may also park free of charge in the hospital's pay and display car parks.

The camera-operated car parking system (ANPR) will record your car registration as soon as you enter and leave the hospital site. Please make sure if you have a blue badge that you have registered your car registration – details on how to do this are below.

ANPR (Automatic Number Plate Recognition)

ANPR records the exact time you drive into and out of the hospital site and compares this to the amount you have paid. If you stay longer than expected you must 'top up' by paying the additional amount before you leave.

The car parking system has a grace period designed to ensure that you are not unfairly charged for the time spent finding a parking space or if you are just quickly dropping off or collecting from the site. This grace period is 20 minutes. If you are entering and leaving the site within 20 minutes then no charges will be applicable, if you are on site for 1h 20 minutes you will need to pay for 1 hour etc.

The new system offers a number of payment options, allowing visitors and patients to Pay on Arrival or Pay on Exit:

- Cash i.e. coins. N.B. No change is given from the parking machines and you can only pay with coins.
- Credit card (the credit card machine is located inside the main entrance (Bernard Meade Wing))
- Telephone (the first time you call you will need your credit card details and your car registration).
- Download the app – paybyphone or text REG and your number plate to 65565 and follow the instructions.
- Online at www.paybyphone.co.uk

The charging period for the public car parks are from 8:00am to 8:00pm, seven days a week. You can purchase additional time (if required) at the payment machines or by phone

The current minimum fee is £2.00 (for the first hour) and £1.50 for each hour thereafter (up to five hours).

Car Parking Tariffs at Kingston Hospital

- Up to 1 hour £2.00
- Up to 2 hours £3.50
- Up to 3 hours £5.00
- Up to 4 hours £6.50
- Up to 5 hours £8.00

There is also a daily rate of £10 available which covers you for one calendar day (ie payment made at 10am covers you for the remainder of that day)
