

## Press & media

Welcome to the ECHO Press & Media Centre where you can find heart family's stories, read our latest press coverage and stay up to date on our recent work.

We're happy to provide access to real people affected by children's heart disease. We can also provide expert information about the condition, associated lifestyle issues and interesting fundraising stories.

## Contact us

Contact us to organise interviews with families affected by congenital and acquired heart disease, and to speak to expert spokespeople on a wide range of topics.

Please contact [Siobhan Morton](#) or [Samantha Johnson](#) with any press enquiries.
