

Hulya's Story

We are really excited that ECHO member Hulya is taking on an epic Cambodia trek in aid of heart children and families, in October 2019.

The trek will be a five days adventure on stunning routes, through rice paddies, forests, jungles and a magnificent waterfall, while helping raise money for ECHO.

Starting and finishing in Siem Reap, the gateway to the ancient world famous Angkor Wat temple complex, the trek will follow a stunning route through rice paddies, forests and jungles, past lakes and a magnificent waterfall and even to the peak of Kulen Mountain. Our bucket list trek finishes with a fascinating archaeological tour of Angkor Wat and its surrounding temples – by foot, of course!

I'm so delighted to join the Trek to Cambodia, to help support ECHO, it will be an incredible journey. At two days old our beautiful son suddenly became critically ill, he was diagnosed with a complex heart defect and needed urgent life-saving open heart surgery. Some amazing people, especially at The Evelina London Children's Hospital, helped to save his life. Today our son is 8, a happy, healthy and energetic child, no different from any other. Thank you ECHO.

Inspired to take on your own challenge for ECHO?

There are lots of great ways to fundraise from sponsored walks to office raffles, cake sales to once-in-a-lifetime travel challenges. You can even create your very own bespoke fundraiser!

We receive no government or NHS funding and rely entirely on donations to carry out our work. All of the money raised by our committed supporters goes towards ensuring ECHO can deliver our valuable services - and we thank everyone who contributes.

Help us to support children and young people with heart conditions by raising money for ECHO.
